

# Back to SCHOOL SPECIAL FREE Dental Exams/X-Rays

Make sure that your children brush and floss their teeth every day. It helps keep away germs that can cause cavities (tooth decay) and toothache.

Many children miss school because of toothaches. Make sure your children have a healthy smile – before school starts!

**The Pinellas County Health Department**  
offers once-a-year

**FREE dental exams for children 4 years to 18 years old .**  
**For new clients only. Never seen in our Dental Clinic.**

Choose from five dates and locations:
